

# Value Formulary Quick Reference List

The Value Formulary Quick Reference List is not an all-inclusive list but represents a summary of prescribed medications within select therapeutic categories. This useful reference tool can assist medical providers in selecting therapeutically-appropriate and cost-effective products for their patients. This document represents a closed formulary plan design.

This list represents brand products in CAPS and generic products in lowercase *italics*. Unless specifically indicated, drug list products will include all dosage forms, except for orally disintegrating formulations. This document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, preference for brands and mandatory generics whenever available.

This list is not an all-inclusive list and does not guarantee coverage. Please visit [www.caremark.com](http://www.caremark.com) for a complete list.

**FOR YOUR INFORMATION:** This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. In most instances, a brand-name drug for which a generic product becomes available will require prior authorization or will no longer be covered upon release of the generic product onto the market. Unless specifically indicated, drug list products will include all oral dosage forms, except for orally disintegrating formulations. This list represents brand products in CAPS and generic products in lowercase *italics*. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to [www.caremark.com](http://www.caremark.com) to check coverage.

§ Generics are available in this class and should be considered the first line of prescribing.

<sup>1</sup> A OneTouch blood glucose meter will be provided at no charge by the manufacturer to those individuals currently using a meter other than OneTouch. For more information on how to obtain a blood glucose meter, call toll-free: 1-800-588-4456. Members must have CVS Caremark Mail Service Pharmacy benefits to qualify.
